OUR MISSION

IN PARTNERSHIP WITH

COMMUNITY WE COMMIT
TO PROVIDE
PROGRAMS, SERVICES, AND
FACILITIES
TO ENABLE AND INSPIRE
OUR YOUTH TO REACH
THEIR FULL POTENTIAL

2009 FROM THE TOP

2009 has been a tough financial year for many of our kids and their families. Local families now have a greater need for support than ever before. In 2009 our services and resources extended to assist families with food security, school supplies, and the number of scholarships given to kids for after school and summer development programs tripled. We have experienced record attendance in all areas of developmental programming from alcohol and drug resistance training to nutrition education. The positive

outcomes you will see in the following pages are possible because of the time invested by our volunteer board of directors and dedicated staff and through community involvement and investment. I would like to say thank you to all of our Corporate Partners, Donors, Volunteers, and Staff for providing support for the kids in Benton County. It is my privilege to work and live in a community that sees each and every child as a building block to the future.

SUPPORT

To provide the programs and services that achieve these results the Boys and Girls Club of Benton County relies on the support of the community. One opportunity can make a lasting impact in a child's life. One person can help fulfill a child's dream of a brighter tomorrow. Unlike other investments, an investment in our children can only grow over time. Your investment can create an opportunity or fulfill a dream; you can be the voice of the future! An investment in any amount can make a long-term difference for our kids.
